PARTICIPATE

Our group is made up of first responders, our friends, and volunteers from the community. Everyone is welcome to join our group and go with us to Johnson County. The only requirement is the willingness to work as a team, and put those we serve before yourself. There are jobs for everyone, all ages* and ability levels are accepted. There is no cost associated with the trip and we will be having a meeting outlining how our mission will work. Don't wait for another opportunity to help!
